

Dear colleagues and 2nd Faculty of Medicine friends,

It is my pleasure to invite you to the Grand Opening of the New Building in Plzeňská. The building will accommodate theoretical departments of 2nd Faculty of Medicine. The Grand Opening starts at 1pm with Faculty and University representatives. All guests are invited to view the building, enjoy an exhibition of photographs and paintings and later music at MotoLFest (at Dr. Voják Club, this time you will hear mostly bands connected to Motol). Also, get ready for refreshments both in the new building and at Dr. Voják and for several surprises, perhaps even a firework☺.

Have a nice afternoon in a company of students, teachers, doctors and friends!

O. Hrušák, Dean
