TEST: Urogenital system

5. Heart: cavities and wall, conduction system, blood vessels, nerves and lymphatics, development, fetal circulation.

17.–20. 3. Heart.

TEST: Vessels

23.–27. 3. Peripheral nervous system – Spinal nerves and spinal part of autonomic nervous system.

TEST: Heart (oral)

30.3–3.4. Peripheral nervous system – Cranial nerves and cranial part of autonomic nervous system.

8. Cranial nerves, cranial part of parasympathetic nerves, pathways of the reflexes of cranial nerves.

TEST: PNS

13.–17. 4. Dissections II 14–20. 4

Dissection Exam:
Monday 20. 4.

CNS – Cerebellum and brain stem.

CNS – Diencephalon, basal ganglia, internal capsule, ventricles, brain sections.

TEST: CNS 1 (written)

CNS – Hemispheres, lobes, gyri functional cortical areas.

TEST: CNS 2 (written)

CNS 3 (oral)

13. Overview of main motor and sensory pathways of CNS. Imaging methods in CNS.

TEST: CNS 2 (written)

Sensory organs.

15. Additional lecture: Thu, May 21, 16.15 in Pelouchova hall – Eye

TEST: Senses* (written) - Tue 26.5.2019

16. (The eye and visual pathways, ocular reflexes)

ZK1.

*Integrated anatomy, histology, embyrology test
1.6.-5.6. (Olfactory apparatus and olfactory tract.)
Gustatory apparatus and gustatory tract.
ZK2. Skin. Mamma.
