WELCOME

to the Second Faculty of Medicine!
Our Dean Prof. Vladimír Komárek, the Language Department, and the students of the Second Faculty of Medicine are pleased to invite first-year students to join Fresher's week 2019.

The purpose of this week is to provide a smooth transition into your first year at medical school and to show all we can of what Prague has to offer.

During the **WEEK**, you will have the opportunity to get familiar with **CZECH CULTURE** and the **LANGUAGE**. Your evenings will be filled with **AMAZING ACTIVITIES** and plenty of opportunities for meeting other students. At the end of the week, you will receive your **FIRST WHITE COAT** a symbol of your entrance into **MEDICAL SOCIETY**.

EVENTS

INTENSIVE CZECH COURSE

A very important part of the program is the introduction to the Czech language.

This course offers an excellent opportunity to start learning the Czech language very quickly and intensively.

The Czech classes will be held every morning. After this course, you will be able to read Czech text and understand basic phrases. You will be able to introduce yourselves, read and understand basic signs, and will know Czech words for some food, drinks and furniture.

Please notice that the Czech themes taught during this week will not be repeated after the official start of the academic year, meaning that if you attend Freshers' Week, you will have a leg up over those who did not attend.

PUB QUIZ

Test your brains at the Pub Quiz! It's one of the highlights of the week and a great way to socialize with your new classmates. Lots of music, Czech beer, and fabulous prizes for the winning team.

DR. VOJÁK

Dr. Voják is our club, right on campus. Cosy, welcoming, and unique, it brings students of the Second Faculty together. During Freshers's Week, you will get a taste of energy of this place during our "team building evening". It is a perfect occasion to get acquainted with your new colleagues and the upper year students.

LOST IN PRAGUE

We have set up a treasure hunt for you starting at Motol and finishing at Letná Park- you'll explore the beautiful architecture of Prague while learning the best places to study or grab a beer after class.

LÁVKA PARTY

Is there any better way to celebrate the new semester than the traditional interfaculty party at Klub Lávka? Dancing to the best music while enjoying a stunning view of the Charles Bridge? This is the biggest medical student party of the year that brings together the First, the Second and the Third Faculties of Medicine at our favourite venue – Klub Lávka!

WELCOME TO THE LIFE OF A MEDICAL STUDENT

Before the school year begins, you will have an opportunity to learn the skills you will need to stay on top of your studies. Upper-year students will provide you with detailed explanations on topics including public transportation access, library times and locations, all important websites, and which textbooks to use.

WHITE COAT CEREMONY

This ceremony represents your introduction into the medical society.

Speeches will be given by faculty members and you will receive your first university white coat. Along with your peers, you will then recite an oath pledging sincerity in your future profession.

The White Coat Ceremony is held every year in the beautiful, historical, and centrally located building Profesní dům, in an extraordinary ceremonial hall. After the ceremony, everyone is invited to enjoy a luxurious dinner.
