

Aliance 4EU+ pořádá Pokročilý kurz farmakoepidemiologie

KURZ

Kurz farmakoepidemiologie

4EU+PharmacoEpi (advanced course): an integrated 4EU+ Pharmacoepidemiology educational course je nyní otevřen pro PhD studenty, ale i další studenty a zájemce, např. bioinformatiky, lékaře, farmaceuty. Je pořádáný v rámci 4EU+ Aliance. Učí zahraniční odborníci a pedagogové ze Sorbonny, Milána, Kodaně, Heidelbergu a další.

Kurz je kombinován (on-line + short-term mobility). On-line část je zdarma, mobilita do Heidelbergu je zajištěna SEED4+ grantem.

- 5-day on-line course: March 25 -29, 2024
- 2-day in-person course in Heidelberg: May 6-7, 2024

The course is now open to PhD students, but also other students and interested parties, e.g. bioinformatics, doctor, pharmacy. It is organized within the framework of the 4EU+ Alliance. The course is taught by foreign experts and lecturers from the Sorbonne, Milan, Copenhagen, Heidelberg and others.

The course is open for all students of the 4EU+ Alliance (Sorbonne Univ, Univ Copenhagen, and Univ Milan, Heidelberg Univ, Charles Univ, Geneva Univ and University of Warsaw). The course is blended. The online part is free. Mobility to Heidelberg will be founded using the SEED4+ grant.

The applications for the 4EU+PharmacoEpi Advanced Course are now open.
