

3rd Prague Symposium on Cancer Metabolism October 10, 2023, Prague, Czech Republic

When: October 10, 2023 (Tuesday)
9:00am – 4:30pm (concluded by a social evening 6:30pm – 11:00pm)

Where Facilities at the Second Faculty of Medicine, Charles University, Prague

Why: We are delighted to announce the third edition of the Prague Symposium on Cancer Metabolism, an international event organized by CLIP – Childhood Leukemia Investigation Prague. We take immense pleasure in revealing this year's distinguished keynote speaker: Nick Van Gestel from UCLouvain, Belgium. We are also anticipating outstanding presentations from Czech scientific groups. We strongly encourage all participants to submit abstracts and take the opportunity to present their research from area of cellular and cancer metabolism through oral presentations or posters.

The symposium will be held under the aegis of the Second Faculty of Medicine, Charles University, and Czech Society for Analytical Cytometry.

We are looking forward to seeing you all.

On behalf of the organization committee,
Júlia Starková (julia.starkova@lfmotel.cuni.cz)

CLIP
Childhood Leukaemia
Investigation Prague

Registration and abstract submission: the website will be soon available

We invite you also to Seahorse User meeting on October 11, 2023 organized by Altium (formerly known as HPST) and FGÚ which will be held at FGÚ, Vídeňská 1083. For more information please contact Barbora Kobidová at barbora.kobidova@hpst.cz.
